THE NEXT LAUDATO SI GOAL

that we are considering as a Parish comes at a very appropriate time to where we are as a Parish. With Canon Jerry's retirement, our Parish is entering a new stage. The forthcoming General Election also challenges us all to take our democratic duty responsibly in the new stage the country is entering; to vote for the candidate who will speak out for the poor and vulnerable, both at home and overseas. The goal of '**Community Resilience and Empowerment**' encourages us to build up our community to face challenges, both social and environmental with confidence, competence and hope. **How can we** organise our community, and reimagine community space, to encourage everyone to participate in the change we would like to see in the world? **How can we** help people to help themselves, globally and locally? **Are we building** bridges with our wider community when issues affect us all? **How can we** build a community that better reflects the Kingdom of God? As Pope Francis says . . . '**We need a community that supports and helps us, in which we can help one another to keep looking ahead**' (Fratelli Tutti 8)
